

*In my capacity as Member of Parliament
for Scarborough-Agincourt,
I am pleased to congratulate*

*The International Charity Association Network
(ICAN)
on the Grand Opening
of the
COMPUTER CENTER IN
SCARBOROUGH-AGINCOURT*

*As the business world continues to advance,
many more people seek guidance and the tools to enable them to
overcome everyday challenges in technology.
Your centers assist these individuals to acquire the computer skills
needed in order to be successful in their lives.*

Best wishes for success in the future.

Sincerely,

James Karygiannis
